PROFILE

Recent Design graduate focused on UI/UX, visual design and motion. Interested in how layout, navigation and interaction can make digital tools easier to understand and use.

EXPERIENCE

Web Design Intern

VANTAGE POINT_Beyond the Grid · CSUDH
Spring 2026 · 30+ hours

- Collaborated with a student design team to build and refine a digital exhibition website.
- Designed and updated three homepage features: hero carousel, interactive map link and promotional banner.
- Audited missing portraits and visual content, prepared replacement assets and performed cross-page QA.

Relevant Coursework

Web & Interactive Design

Designed responsive page layouts, wireframes and interactive prototypes while studying usability, accessibility and user flows.

Typography & Visual Systems

Applied hierarchy, grid systems, branding and readability principles across interface, editorial and identity work.

Motion & Screen Design

Used timing, transitions and animation principles to communicate feedback and guide attention in screen-based experiences.

Selected Work

Visual File System — UX/UI case study

Spotify Clarity — interface redesign

LA Walking Tours — UX/UI and brand design
